Dec 18, 2013

Hello everyone

The Cycling for the ISP fund raising has culminated on 15 December 2013. Of course, you can still send in your donations to support the Igorot Scholarship Program (ISP) anytime. Please follow this link to find out how you can make your donations : <http://igorot.com/cms/>

On behalf of the ISP, thank you for another successful fund raising. Thank you to MABIKA-Australia Inc. for spearheading the fund raising. Thank you to you, the donors, and thank you too for those who have provided encouragement along the way. It is your generosity and your desire to help that make this fund raising a success. May it return to you a million fold. You are helping provide educational opportunities for a number of young Cordillerans who otherwise would not have had those opportunities. It is my fervent hope and prayer that we all remain fit and healthy so that we can be all together again, and hopefully more will be joining us, when we pedal when the next fund raising comes around. Long live to all! Matagotago tako am-in!

We have raised approximately 55,000 pesos. With the current financial support of 5,000 pesos the program provides to each scholar per semester, the amount will set a scholar through for the duration of his/her course. More importantly, this amount will help set-up the lives of the recipients and their families for a better future.

### Remittance:

- 1) I will be remitting the Australian donations to the ISP Bank Account in Baguio City once all the pledges have been paid. Hopefully by that time, the Aussie dollar has gone up.
- 2) All of the US and Canadian donations that have been paid were remitted to the Igorot Global Organization Treasurer in the US. (Note that the ISP is a project of the Igorot Global Organization which is based in the USA).
- 3) The Philippine donations will be remitted to the ISP bank account in Baguio City.

### Summary:

<b>AUSTRALIA</b>	<b>AUD</b>
Tom & Jane Catanes-Cayad	50.00
